EZZY

AS CAN BE!

Ezzy is an innovative modular product that allows users to add privacy and functionality without the added cost of a panel system. Ezzy can be stacked, reversed and reconfigured. The flexibility of Ezzy allows its installation on any Logiflex furniture products or almost any existing laminate products in offices today.

Ezzy helps users reorganize their work environment without the hassle of restructuring workstations.

Ezzy offers 9 categories of predetermined configurations. The combinations give a variety of over 120 stackable configurations.

Tiles are available in:

- Thermally Fused Laminate
- Slatwall
- Tackboard
- Whiteboard

EZZY COMPONENTS INTEGRATE SEAMLESSLY WITH ALL EXISTING OR NEW LOGIFLEX CASEGOODS FOR ULTIMATE DESIGN FREEDOM AND FLEXIBILITY.
